Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 30, 1996

SUBJECT: **SB 2225 - HB 2185**

This bill, if enacted, will require that adjuvant products be registered and certified as to contents by the Department of Agriculture, as is currently required for pesticides.

The fiscal impact from enactment of this bill is estimated to result in an increase in first year state revenues of \$25,000 for the Agricultural Regulatory Fund. This estimate assumes that 250 adjuvant products will be registered annually at the \$100 per product registration fee.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
